Assistant Superintendent

Dear Parents and Student,

As part of graduation requirements, your student is required to meet specific requirements on LEAP 2025 state standardized assessments. Your child was identified as missing one or more of the requirements needed for graduation. This summer, Livingston Parish will be offering summer instruction, remediation, and testing to assist your student in reaching this requirement. While it is not mandatory for students to participate in this program, our district would like to offer this service.

This summer program will occur from June 6<sup>th</sup> to June 23<sup>rd</sup> with testing occurring from June 20<sup>th</sup> to June 23<sup>rd</sup>. There will be a total of 8 instructional days and 4 testing days. Instruction and remediation will occur for Algebra, Geometry, English I, English 2, Biology, and US History at a choice of two high schools. Please be aware that our district is unable to offer transportation during summer instruction and testing.

Thank you for your interest in your student's education. We look forward to making your student's educational experience a successful venture.

Sincerely,

*Kelly A. LaBauve*

Kelly A. LaBauve  
Supervisor of Instruction
