LOHS offers CLEP testing for individual students. The College Level Examination Program (CLEP) offers students the opportunity to receive college credit for what they already know by earning qualifying scores on any of the offered exams. While there are a number of exams, we recommend students take exams for courses in which they are currently enrolled. Before taking a test, we recommend students and parents learn more about which CLEP credit is accepted by the prospective college. Please check college acceptance of a particular test before enrolling for that test. You may refer to the college website to confirm the score required or visit the following link to get more information. <a href="https://clep.collegeboard.org/started">https://clep.collegeboard.org/started</a>.

Students will sign up through the office (Mr. Fasbender's office).

Each student should follow these suggestions that will serve as a guide to carry out their responsibility in promoting good sportsmanship:

- 1. Consider the visiting team and fans, as well as the officials, as guests and treat them as such.
- 2. Respect the rights of all spectators.
- 3. Accept the officials' decision as final.
- 4. Support your teams with enthusiasm.
- 5. Be modest in victory and gracious in defeat.
- 6. Consider it a privilege and duty to encourage everyone (players and spectators) to live up to the spirit of the rules of fair play and sportsmanship.

# **Attendance Policy & Procedures**

School attendance is mandated by state law for all students. In order to receive credit for a course, a student must not miss more than 5 unexcused days during any semester. In the event that attendance becomes an issue in any class, the following procedures will be followed:

- 3<sup>rd</sup> Unexcused Absence A letter will be sent home to the parent/guardian
- 5<sup>th</sup> Unexcused Absence The parent/guardian will receive a visit from the school resource officer
- 7<sup>th</sup> Unexcused Absence Parent/Guardian will be required to attend a conference with the administration to discuss attendance and discuss future consequences
- 9<sup>th</sup> Unexcused Absence Student will be considered truant and a referral to the court system (FINS) will be made. The student's driver's license will also be suspended.

\*Please note that a note from home is not considered an excused absence. This will only allow a student to make up their work.

We understand that an extended illness may cause your child to exceed their allotted days prior to returning with a doctor's excuse. If your child will be out for more than two days and they will be returning to school with a doctor's excuse, please inform the school.

Also, please note that students that are not in good standing with attendance will not be allowed to participate or attend extracurricular activities or attend dances. Students will excessive absences or tardies may also lose driving privileges.

\*Graduating Seniors: Any senior that misses more than seven (7) unexcused absences in a semester will not be allowed to walk at graduation.

To clarify high school absences, please note that our class absences are by individual class periods not by the full day. For example, if a student misses six (6) unexcused absences in first hour and only five (5) unexcused days second through 7th Hour, they will have no credit for the first hour class period.

If you have missed six (6) or more unexcused days of school in the current semester and/or have unpaid fees, then you may not attend or participate in club meetings, field trips, competitions, Homecoming or Prom.

# BE AWARE THAT MID-TERM AND FINAL EXAMS WILL NOT BE ADMINISTERED EARLY. PLEASE REFER TO THE SCHOOL CALENDAR FOR EXAM DATES.

#### **Check-Ins**

If a student arrives at school after the tardy bell at 7:09, he/she is to check-in through the office. <u>Five check-ins not</u> covered by doctor's excuses will result in detention. Students may not check in to take exams.

#### **Students Leaving Campus**

Students are the responsibility of the school from the time they arrive on the campus until they leave in the afternoon. Once a student enters the campus (including the parking lot) in the morning, he/she is not to leave the campus for any reason without checking out through the office. Students are not to drive their cars on campus in the morning and then leave to go somewhere else even if they return before the first morning bell rings. This is considered leaving the school grounds without permission and is grounds for suspension and loss of driving privileges. Students will not be allowed to leave the campus for any reason unless parents give permission to the office. Going home to get books, posters, assignments, or gym clothes will not be allowed. **Students must check out through the office.** 

### **Checking Out**

Students are to come to the office to check out. Students will not be allowed to check out unless parents are contacted by the office. Anyone checking a student out is required to <u>present a picture ID</u>. This is for your child's protection. A person must be listed on the student's information card to check out a student. Students who check out may NOT RETURN to campus unless they check in to the office with a DOCTOR'S EXCUSE. Upon return to school, he/she must bring a valid excuse for the extenuating circumstance to receive an excused absence.

Students are not to check out before 10:30 unless there is an extreme emergency. Students cannot check out 7<sup>th</sup> or 8<sup>th</sup> hour except with a doctor's excuse. On the 5th check out without a doctor's excuse, the student will receive detention. Students will NOT be allowed to check out during the following times: Lunch-10:30 to 12:30 or after 1:45 pm.

Check outs during the week of midterms, finals, and testing will only be allowed for doctor's excuses. If a student would like to leave after his/her final exam, he/she <u>must return a permission slip to the office two weeks prior to exam time</u>. This permission slip will be verified with the parent after it is returned.

The school reserves the right to designate days where students cannot check out without a doctor's note. If a student checks out on one of those designated days, he/she will lose the right to check out early during exam week and lose exam exemptions.

#### **Absences**

Punctual and regular attendance is an extremely important part of your official permanent record. All students are required to attend school daily. Absences are excused only in case of:

- 1. Extended personal physical or emotional illness as verified by a physician.
- 2. Extended hospital stay as verified by a physician.
- 3. Extended recuperation from an accident as verified by a physician.
- 4. Extended contagious disease within a family as verified by a physician.
- 5. Death in the immediate family (not to exceed one week).
- 6. Natural catastrophe and/or disaster.
- 7. Any other extenuating circumstance requires that parents make a formal appeal in accordance with the due process procedures established by the LEA.
- All absences require a note from the parent, guardian or doctor. Sign outs will also be counted as an absence from class.
- In order for a student to be considered for a grade in a semester marking period, he/she must not be absent more than the days allowed by the Louisiana State Department of Education. This number may vary from
- year to year as the number of required attendance days change (six (6) days absence is the maximum allowed).
- A note from parents requesting an excuse because of illness allows the student to make-up missed work. This absence counts as one of those 6 days allowed by the state department.
- Write-overs, liquid paper, or add on dates are <u>NOT</u> accepted on doctor's excuses. These actions will result in a 3-day suspension. Faxed doctor's excuses are <u>ONLY</u> permitted from the doctor's office.
- Being absent or checking out of school to see a doctor or dentist requires a doctor's excuse. Anytime a student misses 3 or more consecutive days, he/she must present a doctor's excuse to receive an excused absence.
- A student must be in school before 10:30 to be able to participate in any school activity. This includes any type of practice, game, etc.

## THERE IS NO SUCH THING AS "SKIP DAYS" FOR ANY STUDENT.

### **Steps to Follow When Absent from School**

- 1. Have a parent or guardian write an excuse giving full name, date, days of absence, and reason for absence.
- 2. Present your excuse to the first hour teacher. They will mark your planner regarding the excuse.
- 3. It is your responsibility to see your teachers about making up work.
- 4. A student has <u>five (5) school days to submit a doctor's excuse</u>, beginning with the day on which he/she returns to school. The doctor's excuse must be dated and signed and must list the dates of the student's illness and the date on which he/she may return to school. If a doctor's excuse is not presented within 5 days, the absence will be considered "unexcused" (according to LPPS policy "JB").
- 5. If a student presents an unauthorized Dr.'s excuse, he/she will be suspended.
- 6. If a student checks in after the beginning of first hour, he/she must obtain an admit slip through the office.

#### **Excuses**

The note from the parent or guardian should state the nature of the absence or reason for tardiness. <u>If your parent or doctor's excuse is approved, you are permitted to make up work.</u> If the excuse is not approved or the student does not bring one, you are <u>not</u> allowed to make up any work missed. The excuse will be recorded in the student's planner which must be presented to each teacher for signatures before the student is admitted to class. Students will not be excused from physical education unless he/she has a *medical excuse* stating that the student should be excused from P.E. If a chronic condition is present, the student should have an excuse on file in the office.

#### **Tardiness**

- A student who is late for the beginning of school must check in through the office. Teachers will mark students tardy for all classes  $3^{rd} 8^{th}$  periods.
- There is ample time to go from one class to another during the school day; therefore, all tardies will be unexcused unless the student has a note from a faculty member. If a student is detained in the office or by a teacher, he or she should ask for a note from the person who detained him or her before going to class.
- Students who choose to not ride the bus to school assume total responsibility for arriving on time.

# **Consequences for tardiness:**

# **GUIDANCE DEPARTMENT**

Phone: 225-271-3537 Fax: 225-665-8850

Guidance services are available for every student in school. These services include assistance with educational planning, interpretation of test scores, occupational information, study tips, concerns of home, school and/or social situations, or any questions the student may feel he/she would like to discuss with the counselor. ACT testing and scholarship deadlines are available through guidance. Counseling students to maintain TOPS eligibility is a high priority; however, students and parents need to keep up with the requirements and the student's schedule. The main priority of our guidance counselors is to see that each student meets all requirements for graduation.

Parents wishing to visit with a counselor should call the guidance office (271-3537) to arrange an appointment.

### **Parent-Teacher Conferences**

Parent-teacher conferences are arranged at the request of the parent or the teacher through the <u>Guidance Office</u>. They are to be held during the teacher's preparation period or before school beginning at 6:45. Parents may call the guidance office (271-3537) to set up these appointments. Parents may also contact teachers via email through the school website.

# LIVINGSTON PARISH PUBLIC SCHOOL STUDENT ACCEPTABLE USE POLICY - REVISED

(POLICY REGARDING INTERNET USE)

#### A. Program Development

In order to match electronic resources as closely as possible to the approved district curriculum, district personnel will continue to review and evaluate technology resources for compliance with Board guidelines listed in Board Policy IFA governing the selection of instructional materials. In this manner, staff will provide developmentally appropriate guidance to students as they make use of telecommunications and electronic information resources to conduct research and other studies related to the district curriculum. Infractions will be dealt with according to the guidelines listed in Board Policy JD governing discipline. All students will be informed by staff of their rights and responsibilities as users of the district network prior to gaining access to that network, either as an individual user or as a member of a class or group.

As much as possible, access to district information resources will be designed in ways which point students to those which have been reviewed and evaluated prior to use. While students may be able to move beyond those resources to others which have not been evaluated by staff, they shall be provided with guidelines and lists of resources particularly suited to the learning objectives. Filtering software is in use to block access to materials that are inappropriate, offensive, obscene, or pornographic. However, no filtering system is capable of blocking 100% of the inappropriate material available on the Internet.

## B. Network Usage

Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply.

The network is provided for students to conduct research, complete assignments, and communicate with others. Independent access to network services is provided to students who agree to act in a considerate and responsible manner. Access is a privilege, not a right. Access entails responsibility.

Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private.

During school, teachers of younger students will guide them toward appropriate materials. Outside of school, families bear responsibility for such guidance as they must also exercise with information sources, such as television, telephones, movies, radio and other potentially offensive media.

The following are not permitted

### 1. Risking Personal Safety and Privacy such as:

Sending or displaying offensive messages or pictures.

Giving personal information when using the system, such as complete name, address, phone number and identifiable photo without permission from teacher and parent or guardian.

### 2. Inappropriate Use such as:

Accessing obscene, lewd, vulgar, inflammatory, or offensive material.

Harassing, insulting or attacking others.

# 3. Illegal Activities such as:

Using others' passwords or trying to gain unauthorized access to any computer system.

Trespassing in others' folders, work or files.

Damaging computers, computer systems or computer networks.

Hacking, vandalism and unauthorized access.

Intentionally attempting to disrupt or intentionally disrupting the computer system or destroying data by spreading computer viruses, or by any other means.

Using the network for commercial purposes, financial gain, illegal acts, such as drug sales, engaging in criminal gang activity, threatening the safety of a person, or fraud.

Accessing social networking or gaming sites

Use of outside electronic mail, chat rooms, and any other forms of direct communication by students No inappropriate network behavior including cyber-bullying

Installing any software on LPPS computer or networks

# 4. Violating Security

Giving others <u>your</u> password or access to <u>your</u> account.

Looking for security problems may be considered as an illegal attempt to gain access.

Intentionally wasting network resources.

### 5. Violating Copyright laws

Unauthorized downloading and installation of software.

Taking the ideas or writings of others and presenting them as their own.

#### C. Sanctions

Any knowledge of prohibited behavior or access of prohibited sites must be reported immediately.

Violations will result in a loss of network access. The range of sanctions is identified in the Discipline Policy. Additional disciplinary action may be determined at the building level in line with existing practice regarding inappropriate language or behavior. When applicable, law enforcement agencies may be involved and this may result in prosecution and/ or restitution for damages.

#### D. Permissions

The Acceptable Use Policy will be distributed to Students and Parents through the school handbook and will be posted on the school board web site. Parental permission will be assumed unless specifically denied. Parents must go to the school and sign a "Denial of Permission Form." Parental permissions that are assumed include:

Access to the Internet and email system.

Permission to publish students' work to classroom web sites.

Permission to have unidentified photos of students published to classroom web sites.

Audio and video recordings are not allowed at LOHS due to possible violations of FERPA and HIPPA, both of which regulate and protect the right to privacy for adults and minors. Any audio or video recordings at LOHS require the prior approval of the Principal. Please note that this policy does not apply to general assemblies, award ceremonies, and other school sponsored events at LOHS.

### ELECTRONIC COMMUNICATIONS BETWEEN EMPLOYEES AND STUDENTS

Act 214 of the 2009 La. Legislative Session requires school systems to develop policies regulating any electronic communications between employees and students. LPSB has approved Policy GAMIA which regulates this communication. Below is a synopsis of what is acceptable and what will need to be reported to the administration at each school. This does not apply to an employee and his/her immediate family members who are students.

#### What is acceptable?

Any electronic communication between an employee and a student that is directly related educational, extracurricular activities and occurs through the use of the school board email or school website.

Any electronic communication between an employee and a student that is directly related to educational extracurricular activities and is made through the use of a school telephone or/and employee's personal telephone after normal school hours. (Examples – class assignments, practices, competitions, etc.)

Everything Else Must Be Reported to the Administration

### Examples:

Any electronic communication between an employee and a student that occurs using a means other than one provided by or made available by the school system

Any electronic communication between an employee and a student that is not directly related to educational, extra-curricular activities.

Any electronic communication, regardless of content, that is made through a social network

Any electronic communication of any kind that is inappropriate in nature

A form will be provided for employees to document any electronic communication between employee and student that must be reported. It will be maintained for one year. The principal will determine if the situation warrants investigation and further action.

## ANTI-DISCRIMINATION STATEMENT

Livingston Parish Public Schools is an "equal opportunity employer." LPPS will not discriminate and will take "affirmative action" measures to ensure against discrimination in employment, recruitment, advertisements for employment, compensation, termination, upgrading, promotions, and other conditions of employment against any employee or job applicant on the bases of race, creed, color, national origin, or sex.

LPPS is committed in all areas to providing a work environment that is free from harassment. Harassment based upon an individual's sex, race, ethnicity, national origin, age, religion or any other legally protected characteristics will not be tolerated. All employees, including supervisors and other management personnel, are expected and required to abide by this policy. No person will be adversely affected in employment with the employer as a result of bringing complaints of unlawful harassment.

Sexual harassment is behavior of a sexual nature that is unwelcome and offensive to the person or person s it is targeted toward. Examples of harassing behavior may include unwanted physical contact, foul language of an offensive sexual nature, sexual propositions, sexual jokes or remarks, obscene gestures, and displays of pornographic or sexually explicit pictures, drawings, or caricatures. Use of the employer's computer system for the purpose of viewing, displaying, or disseminating material that is sexual in nature may also constitute harassing behavior. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute harassment when (1) submission to or rejection of such conduct is made either explicitly or implicitly a term or condition of an individual's employment; (2) submission to or rejection of such conduct by an individual is used as the basis for decisions about employment, promotion, transfer, selection for training, performance evaluations, benefits, or other terms and conditions of employment; or (3) such conduct has the purpose or effect of creating an intimidating, hostile, or offensive work environment or substantially interferes with an employee's work performance.

#### **Reporting Harassment**

If an employee/student feels that he or she has been harassed on the basis of his or her sex, race, national origin, ethnic background, or any other legally protected characteristic they should immediately report the matter to his or her supervisor. If that person is not available, or if the employee feels it would be unproductive to inform that person, the employee should immediately contact that supervisor's superior or human resources. Once the matter has been reported it will be promptly investigated and any necessary corrective action will be taken where appropriate. All complaints of unlawful harassment will be handled in as discreet and confidential a manner as is possible under the circumstances.

The procedure for reporting incidents of harassing behavior is not intended to impair, replace, or limit the right of any employee to seek a remedy under available state or federal law by immediately reporting the matter to the appropriate state or federal agency.

### **Child Find**

In accordance with the State of Louisiana Child Search Program, annual and ongoing activities are conducted to identify and locate children (ages 3 through 21) suspected of being exceptional and needing special education and/or related services.

If you have a child or know of a child between the ages of 3 and 5 years old who seems to have difficulty learning, help is available. Contact Heather Thibodeaux, the Livingston Parish Public Schools Preschool Child Search Designee at (225) 667-2080. If your child is school-aged, contact your home-based school district regarding these concerns.

### LIVINGSTON PARISH PUBLIC SCHOOLS HEALTH RULES

The following guidelines are offered to help you determine when your child should not attend school. Please consider carefully a child's statement of feeling ill.

- <u>Diarrhea/vomiting</u>: Students who are vomiting or having diarrhea (2 or more watery stools) will be sent home from school. They will not be allowed to return until they are symptom free for 24 hours from the onset of symptoms. Children should be kept home if they were vomiting or experienced diarrhea during the night.
- <u>Fever</u>: Students who have a fever of 100.0 F or higher will be sent home. Students will be readmitted after they have been fever free for 24 hours without the use of fever reducing medications. (ex: Tylenol, Motrin, or Advil).
- <u>Cold/flu</u>: Students with severe colds, sore throats, cough or "flu like" symptoms will not be allowed to stay at school. They should stay home for rest and proper attention to their symptoms.
- <u>Pink Eye</u>: Symptoms of pink eye such as eye drainage, crusty eyelids, redness on the white part of the eyes, swelling, and itching may indicate pink eye, which is a contagious disease. Children with these symptoms will be sent home and should be seen by a doctor for a diagnosis. A doctor's excuse will be required to return to school. If diagnosed with pink eye, the student must be on treatment for at least 24 hours before he can return to school. Some conjunctivitis may require the student remain at home until all symptoms are resolved.
- Rash/Lesions: A student with an undiagnosed rash or lesion will not be allowed to stay at school. Skin rashes or lesions will be considered possibly contagious. Child may return to school after rash is determined to be non-contagious by a physician or to be no longer contagious after proper treatment. Students may return with a note from the Physician's office.
- <u>Boils</u>: Students with boils must be seen by a Physician. If it is a staph infection they must remain home for 24 hours after starting antibiotics. A Physicians note will be required for them to return to school. The boil must be covered. If the boil is draining extra clothes and bandages should be sent with the student in case the bandage becomes saturated or if the clothes get wet.
- <u>Lice</u>: A student's hair must be free of nits and bugs in order to remain at school. The student will be readmitted to school after the parent has treated the child and <u>all nits and bugs</u> are removed. After successful treatment, the parent will need to bring the student to the office to be rechecked for lice by school personnel before being allowed to stay at school. It is recommended that parents check their child on a regular basis for signs of head lice.
- Medication: If your child needs to take medications for chronic conditions at school please contact your school nurse. State law requires a medication administration form be completed by the Physician and parent. This includes prescription and over-the-counter medications. If a student is prescribed a new medication, they must remain at home for 12 hours after the first dose to be observed for adverse reactions. Parents are allowed to bring medications to the school and administer them to their child. If Parents cannot come they may send the medication with someone listed on the child's contact card. If the parent or someone on the contact card cannot come then the parent may send an adult not listed on the contact card. The School will require a written or verbal consent from the parent if the adult is not on the contact card and an ID will be checked.

- <u>Immunizations</u>: Louisiana State Law Statute LA R.S. 17; 170 Students entering school for the first time shall present a completed or up to date immunization record.
  - All students that are 11 years old must have a Tdap Booster, Meningitis vaccine, and a second varicella (chickenpox). Students that are 16 years of age must have a **second** meningitis immunization. Parents of students that are unable to receive their immunizations due to medical, religious, or personal reasons must submit a written *letter of dissent*. This letter may be found on the LDOE and LPPS websites. Students that have not received proper immunizations may not be allowed to come to school if there is an outbreak of a communicable disease at school (Chickenpox, Measles, Pertussis, etc.). By state law, these students must be excluded from the school setting, for the incubation period of the disease. These absences may not be excused.
- <u>Vision/Hearing</u>: Students vision and hearing are screened by the school nurse in Pre-K, Kindergarten, 1<sup>st</sup>, 3<sup>rd</sup>, 5<sup>th</sup>, 7<sup>th</sup> & 9th grades and from parent or teacher referrals. If a problem is detected notes will be sent home to the parent referring them to their physician for a more complete evaluation.
- <u>Scoliosis</u>: Students are screened in 6<sup>th</sup> grade for curvature of the spine. If signs are seen, students will be sent home with a letter referring them to their physician for a more complete evaluation.
- Medical Conditions: If your child has a chronic medical condition, contact the school nurse annually.
   Some examples of chronic medical conditions are: Seizures/Epilepsy, diabetes, asthma, celiac disease, severe allergic reactions to insects or food that require use of an Epi-pen or Benadryl during the school day. A <u>SPECIAL DIET ORDER</u> form is required annually from a physician if your child has specific food allergies.
- <u>Post-Surgery or Hospitalization:</u> If your child is hospitalized or has surgery he/she must return with a note from the Physician allowing him/her to return to school. Any restrictions must be noted on the return to school form.

If you have any questions or concerns, you may call Jennifer Wilkinson, RN School Nurse Coordinator at (225)686-4368 or contact the school nurse at your child's school. In order for proper care to be provided at school, it is the parent's responsibility to notify the School Nurse with any medical conditions or needs your child may have or any changes to their medical conditions during the school year.
